

TECHNICAL REQUIREMENTS

This is what we need from the theatre.

STAGE

Black box

8m (width) X 6m (depth) and minimum 3,25m (height)

LIGHTING

Lighting plan attached.

It's important to be able to connect the 15-channel dimmer from the theatre to the mini-dimmer of the Company by DMX, that will be placed on the floor of the stage.

Company brings a Splitter DMX

SOUND

1 appropriate PA (L and R) system for the size of the theatre/space

1 12" or 15" monitor speaker on stage with a tripod

SET-UP AND STRIKE (dismantle)

- 4 hours set-up
- Show is 55min long
- 1:30hours approx. strike (dismantle)
- 1 lighting technician from the theatre (who will assist in the light and sound)
- 2 people from the theatre for loading/unloading during the first 2hours

**We also bring and use a smoke machine, please alert the fire alarm system.*
